Dear Chief Executive

This is a formal complaint concerning the lack of policy on the parking of Caravans and Trailers in the Borough, especially the parking of such vehicles in residents' parking bays.

Following a Freedom of Information Request (Ref: IR92279) I see that "Caravans and trailers are not specifically addressed in [Lambeth] permits policy".

Compared to other UK local authorities, this is not acceptable.

Your immediate attention would be appreciated.

Your sincerely
