

# SAT+SUN

URBAN  
ART 2013

## Artist's Comments for 13th & 14th July 2013

Keep the sunshine! Good coffee stall needed. My first time taking part and have loved it. All really good, maybe a slightly better web site. Better way of channelling visitors down side streets. Maybe some live music added? Nice day! All good and sunny. I think a lot of effort goes into publicising this event and despite the heatwave we still had a lot of visitors. Where's the music this year? Paypal options when booking online. We're not supposed to have boxes and browsers yet some clearly do! Great as usual, but customers more wary this year. I would have liked to book a bigger pitch, really enjoyed it. A highlight of the year. Loads of really good artists and artwork. Great event, very well organised. Learnt a lot. My first art fair, no sale but a good experience regardless. Thank you for the opportunity. More food. Not all cars were removed from the pedestrianised zone. As ever, fabulous. I think making the weekend away from the Lambeth Country Show was a good idea. Love the Tube Train. More marketing meetings for artists to get involved in. The Street Art area felt detached from the main art fair. Keep on doing what you're doing, I thoroughly enjoyed it. Street Art area is great. Good opportunity for networking. Toilets better this year. More rubbish bins needed. Live music would be good. Really good vibe and look forward to next year. No sales but have met some very nice people who have helped me with my new art venture. Loved it - thanks.
